

100kg Interior Wood

Self closing door closer for sliding doors weighing up to 100kg

Overview

Easyclose Door closer uses pneumatic technology to effortlessly and quietly close a door after opening. The system caters for doors weighing up to 100kg and is suitable for both left and right hand openings.

Catering for a maximum door width of 1270mm, Easyclose benefits from adjustable closing speeds, minimal maintenance and an included fascia in a chrome finish.

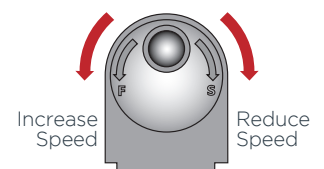

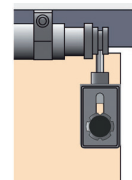

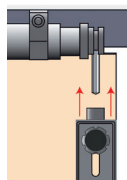

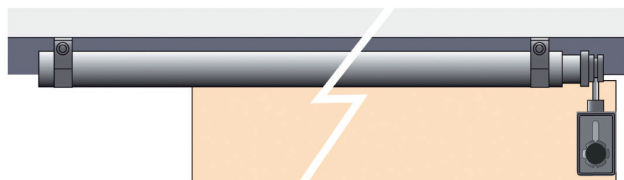

Features and Benefits

- Once opened, door will close by itself
- Silent operation
- Door speed settings are easily adjustable and no power source required
- Comes complete with fascia in a chrome finish
- Can be retrofitted to existing sliding door installations
- Suitable for left or right hand openings
- Telescopic design allows for multiple door widths
- Minimal maintenance
