

Certificate Number 10845
ISO 9001 ISO 14001

QUALITY CERTIFICATE

IMPERIAL 200KG BOTTOM ROLLER SYSTEM

produced by

PC Henderson Ltd

Tested/inspected and permanently supervised within the scope of surveillance agreement according to the conditions as laid down in the general contract. This certificate attests that all provisions concerning the testing of conformity and the performances described in the following standard were applied and that the products fulfill all the prescribed requirements

European Standard BS EN 1527: 2013

-	4	3	0	-	0	-	1	3
---	---	---	---	---	---	---	---	---

The quality requirements as mentioned below are fully met.

Quality Requirements	Results
Stability	Load bearing capacity established in accordance with the declaration
Service life/ease of movement	Requirements met in conformity with BS EN 1527:2013 for > 50,000 operations
Quality Assurance	Third party monitoring and self monitoring ISO 9001

This certificate was originally issued on the 17/06/13 after the product had been successfully type-tested for conformity to all the requirements of BS EN 1527:2013. It remains valid as long as the conditions laid down in the technical specification in reference or the manufacturing conditions in the factory are not modified significantly.

Certificate No: MB3200

Certified Date: 17/06/2013
